Founded on the principle of excellence in photography, the Northern Image Photographers is a club composed of local people of all ages who share an interest in improving their photography, both technically and conceptually. The work of the Northern Image Photographers is celebrated in an annual exhibition hosted by the Mann Art Gallery. Each year, the Director/Curator of the MAG sets a theme for the photographers to explore. In 2018, this was "Beneath The Surface," which challenged photographers to discover and present sights typically unseen, whether they are the underside or inside of familiar objects, or even society itself.
